What is wedi?

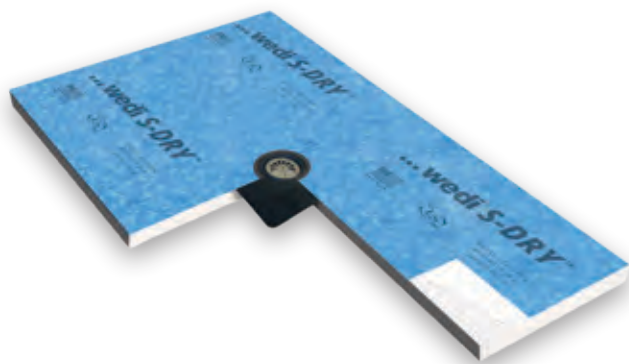

wedi Fundo® Shower System - Premium Quality and Maximum Performance in Almost All Situations

Major Benefits:

- Internally waterproof core materials and installation assembly system.
- An array of sizes, designs, and product options for creative and complex layouts.
- Fastest route to tiling and/or flood testing.
- Modular assembly reduces errors and speeds up installation.
- With easy and versatile-to-use wedi® Fundo Click and Seal® drain technology.
- High point-load-resistant shower base surfaces allowing for use of large or small format tile and stone.
- Sealant applied seams to avoid build up at installation seams.
- High strength tile underlayment with best-in-industry tile bond surface.
- Covered by wedi's Warranty options up to the unique Limited Lifetime Warranty.
- Full service and support in the field.
- Made in the U.S.A. and Germany.

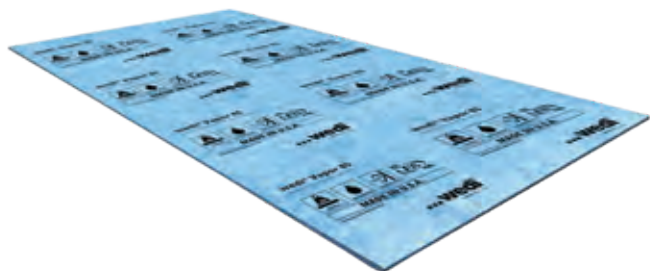

...wedi S-DRY™ Shower System - Membrane Based Speed & Value for Installation over Existing Substrates

Major Benefits:

- Waterproof sheet membrane based shower system – quick to roll out and install.
- Actively waterproof seams and transitions with wedi® S-DRY™ SEAL instead of thinset.
- Lightweight, flexible, easy to transport.
- Available with a Bonding Flange Drain (BFD) option for use in mortar bed showers.
- Fully integrated and waterproofed drain that connects to ABS, PVC, Cast iron and Copper waste pipes. The S-DRY™ drain is designed with a low profile installation depth of 3/4 in. to avoid floor joists running close to the waste pipe lines. The installer can work from the surface to make the connection to the waste pipe which is cut flush with the subfloor surface.
- High point load resistant shower base surfaces allowing for use of large or small format tile and stone.
- S-DRY™ surface membrane is the shower base's primary waterproofing and bond surface, but it is adhered to the foam core with S-DRY™ SEAL providing a secondary, waterproof layer.
- Covered by wedi's Warranty options up to the unique Limited Lifetime Warranty.
- Full service and support in the field.
- Made in the U.S.A.

wedi® Vapor 85 Steam Shower System - Designed for Steam Shower and Steam Room Applications

Major Benefits:

- Rated for residential, commercial, and continuous use steam shower and steam room applications.
- 100% internally waterproof, with surface applied vaporproofing on steam positive side that protects the underlying construction against moisture damage and mold growth.
- Lightweight, easy and clean to cut and customize.
- Covered by wedi's Warranty options up to the unique Limited Lifetime Warranty.
- Full service and support in the field.
- Made in the U.S.A.

wedi® Pro-Preparation & Installation System - Premium Quality Installation Materials for All Applications

PRO-SET™ Major Benefits:

- Developed for use with wedi® S-DRY™ shower systems and over wedi Fundo® and wedi® Building Panel cementitious surfaces. Available in white color.
- Optimized for securing large and heavy porcelain and natural stone tile using up to 3/4 inch square notch trowels.
- Optimized non-sag properties for clean and efficient workflow.
- Creamy and smooth consistency for great haptics and workability.
- Easy to handle and spread using a variety of tile trowels.
- 3-hour pot life.
- Meets ANSI A118.4, ANSI A118.11, and ANSI A118.15.
- Supports and completes a 15-Year Limited and Lifetime-Limited PRO warranty installation
- Made in the U.S.A.

S-DRY™ SEAL and wedi Joint Sealant Major Benefits:

- Developed for use with wedi® S-DRY™ shower systems and wedi Fundo® and wedi® Building Panel system installations.
- Designed for long-term and lasting performance in wet and alkaline environments.
- Designed for fast cure and high early/green strength.
- Solvent and PVC free.
- Made in the U.S.A.
- Extreme adhesion strength plus flexibility to manage substrate and finish stresses better while providing waterproofing.

wedi, pronounced “vee-dee”, is the expert brand known for making the ultimate shower system for over 40 years. In our Batavia, Illinois factory, and our German factory we proudly make best-in-class shower systems including premium performance shower systems like wedi Fundo® and other designed-for-value shower systems like wedi® S-DRY™ which help you cater to specific project situations or different customer budgets.

wedi® shower systems help you build great custom tiled showers and wet rooms using everything you need from wedi® whether you renovate or build from scratch, we have the proven, tested and certified products that work best with the different substrates, options, challenges or budgets you have.

All our shower systems help you waterproof your shower design and protect your construction against mold, and they allow you to save time and add quality to your project. The wedi® systems are supported under wedi's meaningful warranty including up to a Lifetime Limited Warranty option for homeowners, and our team of technicians is always close by to help and provide the industry's most hands-on service programs.

Contents

We have arranged this content so you can choose all products needed for the wedi Fundo® or wedi S-DRY™ shower installation using our wedi® in 5 steps selection process:

wedi Fundo®

wedi S-DRY™

Step 1: Choose your shower floor products

- 5-6 wedi Fundo® Shower Bases
- 7-8 wedi Fundo® Curbless Shower Bases
- 9-10 wedi Fundo® Linear Shower Bases
- 11 wedi Fundo® Shower Extensions & Shower Ramp
- 12 wedi Fundo® Curbs, Curb Caps

- 33-34 wedi® S-DRY™ Shower Bases, Shower Curbs, Extensions
- 35 wedi® S-DRY™ Bonding Flange Drain (BFD)

Step 2: Choose your shower wall products

- 13 wedi® Building Panels
- 14 wedi® Vapor 85 Building Panels

- 36 wedi® S-DRY™ Membranes

Step 3: Choose your shower upgrades

- 15 wedi® Shower Seats
- 16-17 wedi® Shower Seats & Benches
- 18 wedi® Shower Niches

See wedi Fundo® shower upgrades that also can be used with wedi® S-DRY™ products.

Step 4: Choose your shower installation accessory products

- 19 wedi® Joint Sealant
- 19 Sealant Accessories
- 20 wedi® Fasteners
- 21 wedi® Curbless Shower Recess Kit
- 21 wedi Fundo® Click and Seal® Drain

- 36 wedi® S-DRY™ Inside & Outside Corners
- 37 wedi® S-DRY™ Installation Accessories: Pipe Collars, Tape, PRO-SET™, SEAL
- 38 wedi® S-DRY™ Installation Accessories: Pipe Kits, Drain Cover Supports, Drain Replacement Kit, Height Adjustment Kit

Step 5: Choose your shower finishes products

- 22-23 wedi Fundo® Drain Covers (Point Drain Covers)
- 24-28 wedi® Linear Drain Covers
- 29 wedi® Shower Niche Shelves

- 38 wedi® S-DRY™ Drain Covers (Point Drains) / Finishes

Kits

- 30 wedi Fundo® Shower Kit
- 30 wedi Fundo® Curbless Shower Kit
- 31 wedi Fundo® Linear Shower Kit
- 31 wedi® Building Panel Kits

- 32 wedi® S-DRY™ Shower Kits

Product Order Information

wedi Fundo® Shower Bases

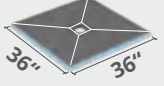

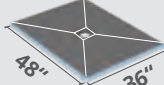

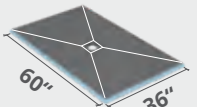

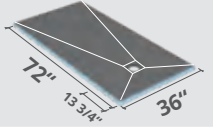

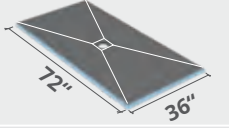

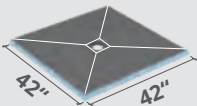

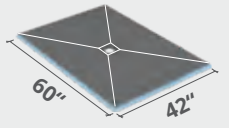

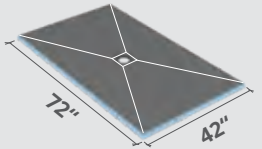

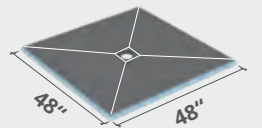

wedi® Shower Bases are needed for the shower floor and offer a prefabricated, consistent slope to the integrated wedi® drain, and are 100% waterproof and mold-resistant. The bases are quick and easy to install, and come in a variety of sizes and designs. They can be cut on the project site to fit tightly into custom areas, and have a connection area for a wedi Fundo® Shower Curb.

What is in the box?

All wedi Fundo® Shower Bases include a wedi® Drain.
For more details on these items, please review their product page.

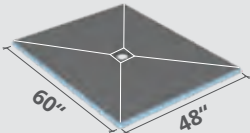

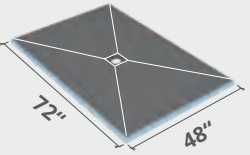

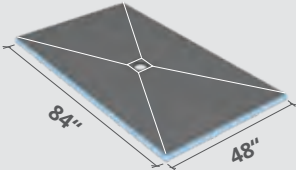

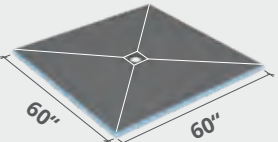

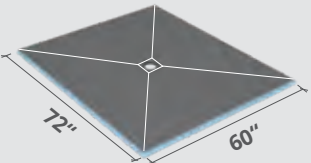

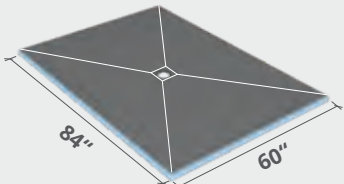

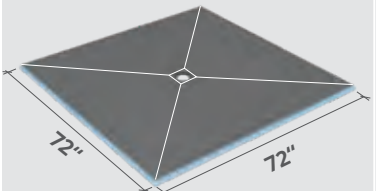

i Additional add-ons sold separately: wedi Fundo® Drain Covers.

i Shower bases made in Germany and **the U.S.A.**

wedi Fundo® Curbless Shower Bases

What is in the box?

wedi Fundo® Curbless Shower Bases are needed for the shower floor and offer a prefabricated, consistent slope to the integrated wedi® drain, and are 100% waterproof and mold-resistant. The bases are quick and easy to install, and come in a variety of sizes and designs. They can be cut on the project site to fit tightly into custom areas, and are often used with wedi® S-DRY™ membrane at floor transitions.

wedi Fundo® Curbless shower bases are a patented low profile 3/4" thin at the perimeter which makes them ideal for recessing them into a suspended plywood subfloor creating a flush to the floor transition typical for curbless or barrier free entry shower designs. Consider using with wedi® Curbless Shower Recess Kit to professionally create a recess in a standard plywood subfloor situation.

wedi Fundo® Curbless Shower Bases

Installation at a Glance:

Installing the wedi® Curbless Shower Recess Kit (sold separately) and wedi Fundo® Curbless Shower Base / Kit.

To make preparation for a wedi Fundo® Curbless Shower Kit installation much easier and safer, we offer the wedi® Curbless Shower Recess Kit. This installation kit is designed to help you recess a wood floor between existing floor joists (2 x 10 joists or engineered joists spaced 16 inches o.c.) without the need to sister these joists with more 2 x 6, or other wood framing material. The bracket system connects, carries, and supports the recessed wood along floor joists; along the surrounding subfloor (not recessed) and the sides of the shower where the wood meets the framing bottom plates. Ensure the general subfloor construction, before installing the wedi® system, meets current IRC requirements for structural construction, meets dead and live load minimum requirements, and has a deflection potential of less than L/360. Once the wedi® bracket system is installed, and the recessed floor is in place, all requirements will be met or exceeded.

wedi Fundo® Shower Extensions & Shower Ramp

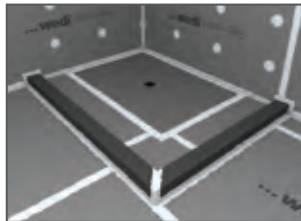

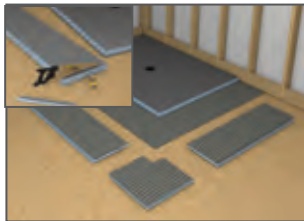

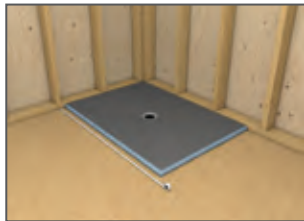

In addition to customizing our shower bases by cutting them down and re-creating the 1/2 inch channel, wedi® also has extension panels and pre-made corner extension panels to extend the shower base. If one extension panel isn't large enough, you can use multiple extension panels to achieve the desired overall shower base size. You can use extension panels on one side of the wedi® shower bases or multiple sides. The extension panels are all pre-sloped 1/4 inch per foot in one direction. When extending the shower floor on two or more adjacent sides of the shower base, please use our prefabricated corner extensions (or use straight extensions connected at 45 degrees in the corner) to give the surface slope proper direction and to avoid uneven connections between extensions.

Product Image	Item Name	Item #	Width x Length x Thickness	Description	Retail Price / Piece
	wedi Fundo® Shower Extension 24" x 48"	073783528	24 x 48 in. sloped 1/4 in./ft	Sloped extensions for use with wedi Fundo® Shower Base adding 24 inches of sloped surface along one 48 inch long side	\$288.87

i * ADA compliant. Made in Germany.

i Retail Price column reflects suggested per piece/unit retail pricing in USD.

wedi Fundo® Curbs, Curb Caps

wedi® curbs and shower ramp are available in several options for shower entry designs where transitions are required, and can be installed with wedi Fundo® shower bases as well as conventional mortar bed systems. Waterproof and versatile, wedi® curbs and ramps may be tiled before glass doors, glass panels, or even glass blocks are installed. Epoxy glue is recommended instead of screw fasteners when installing into wedi's solid foam curbs. Optionally, you can use our wedi® Shower Curb AT which features an integrated and centered anchor track (AT) made from solid PVC where fasteners can safely anchor into the curb. All wedi® curb options except wedi® S-DRY™ Curbs and wedi® Curb Caps, which work in combination with 2 x 4 framing support, are slightly sloped to direct water towards the drain of the shower. All wedi® curbs can carry a weight of 280 lbs./ft. minimum once tiled. When using the wedi® Shower Ramp instead of a curb, please note its design is ADA compliant featuring a slope of 1 ½ inch down to ¼ inch, and it can be installed using similar installation steps as used with wedi® curbs: the installation to the floor is made using thinset tile adhesive such as wedi® PRO-SET™ and with wedi® Joint Sealant applied continuously in between tight connections to the shower base, wall and bathroom floor underlayment. Additional sealant is applied over these seams, 1 inch wide on either side of the seam, and is spread flat with a putty knife.

wedi® Shower Curbs

Product Image	Item Name	Height x Width x Length	Item #	Description	Retail Price / Piece
	wedi Fundo® Shower Curb 60"	5 1/8 x 4 1/2 x 60 in.	US3000039	Sloped and pre-made curb for use with wedi® Shower Bases	\$132.44
	wedi Fundo® Shower Curb 96"	5 1/8 x 4 1/2 x 96 in.	US3000041	Sloped and pre-made curb for use with wedi® Shower Bases	\$195.99
	wedi Fundo® Shower Curb Lean 60"	3 1/2 x 2 x 60 in.	US3000038	Sloped and pre-made curb for use with wedi® Shower Bases	\$69.87
	wedi Fundo® Shower Curb Lean 96"	3 1/2 x 2 x 96 in.	US3000040	Sloped and pre-made curb for use with wedi® Shower Bases	\$112.58

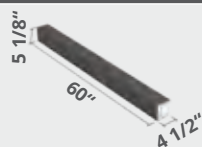

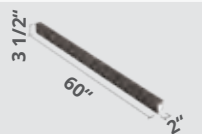

i wedi® Shower Curbs are installed with wedi® Joint Sealant. **i** Made in **U.S.A.**

wedi® Shower Curb Cap

Product Image	Item Name	Height x Width x Length	Item #	Description	Retail Price / Piece
	wedi Fundo® Shower Curb Cap 60"	5 in. x 4 5/8 in. x 60 in.	US3000008	Curb cap with exterior dimensions to finish and waterproof over wooden curb constructions	\$124.05
	wedi Fundo® Shower Curb Cap 96"	5 in. x 4 5/8 in. x 98 7/16 in.	US3000010	Curb cap with exterior dimensions to finish and waterproof over wooden curb constructions	\$174.14

i Installation over 2x4 wood construction. **CAUTION:** Do not allow Glass Door Assembly to penetrate Curb Cap. These units are not sloped on top surface. Tile or stone cover must be sloped to safely move water in direction of shower drain. wedi® Curb Caps are great for use over 2x4 wood curb constructions or on top of pony walls. They create safely waterproofed and crisp corners. **i** Made in **U.S.A.**

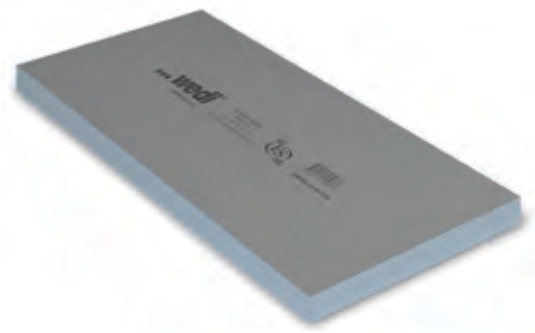

wedi® Shower Curb AT (Anchor Track)

Product Image	Item Name	Height x Width x Length	Item #	Description	Retail Price / Piece
	wedi Fundo® Shower Curb AT 60"	5 1/8 in. x 4 1/2 in. x 60 in.	US3000048	Sloped and pre-made curb with integrated glass door anchor track	\$180.41
	wedi Fundo® Shower Curb Lean AT 60"	3 1/2 in. x 2 in. x 60 in.	US3000049	Sloped and pre-made curb with integrated glass door anchor track	\$133.48

i wedi® Shower Curb AT with integrated and coated PVC core anchor strip (centered; 2 in. wide by 3/8 in. thick). Integrated anchor strip allows fastener attachment (glass panel tracks/door units). Sloped on top surface. **i** Made in **U.S.A.**

wedi® Building Panel

wedi® Building Panels are made using the latest manufacturing technology and highest-quality materials. They are waterproof, lightweight, easy and clean to cut, are incredibly strong, and bond extremely well for use with any thinset mortar application. The wedi® Building Panel can be tiled with ceramic, glass, or stone in all sizes, from mosaic to large format tiles. Large and thin tiles especially benefit from the durability, and the exact, even surface wedi® Building Panels provide. wedi® Building Panels can be used on framed walls, over floors, wall ceilings, countertops or to create custom shower niches, seats or benches.

wedi® Building Panels can be purchased in individual quantities at wedi® retailers.

i wedi® Building Panels are installed with wedi® Joint Sealant and wedi® Fasteners.

i wedi® Building Panels made in **U.S.A.**

wedi® Building Panel

Installation at a Glance:

Installing wedi® Building Panels - Use wedi® Joint Sealant in between connections of wedi® Building Panels in a system installation and apply additional wedi® Joint Sealant over all seams and spread flat using a putty knife. Cut wedi® Building Panels cleanly and safely using a straight edge and utility knife.

Applications:

In showers on walls or ceilings and other surfaces except the floor, they provide tiling substrate and waterproofing all in one product and installation step.

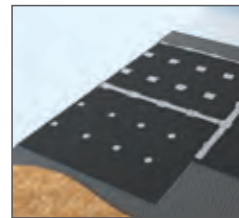

Seamlessly integrate with wedi® Shower Niches or Benches made from wedi® Building Panel.

As tub surrounds, the panel can be notched out to integrate with a tub flange for a safe, sealed, plumb and square connection where the tub transitions into the wall.

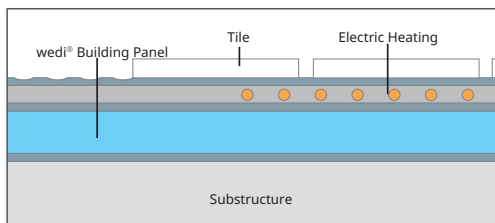

Under mosaic accent strips and bands to create a flush transition to wall tile.

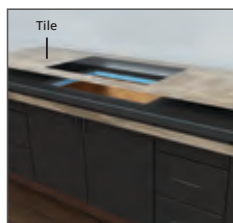

Over wooden subfloors.

Over concrete subfloors.

With electric floor warming systems. To create a heat break and insulate from cold subfloors.

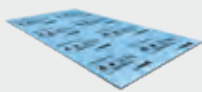

On countertops.

To build custom shower benches.

wedi® Vapor 85 Building Panels

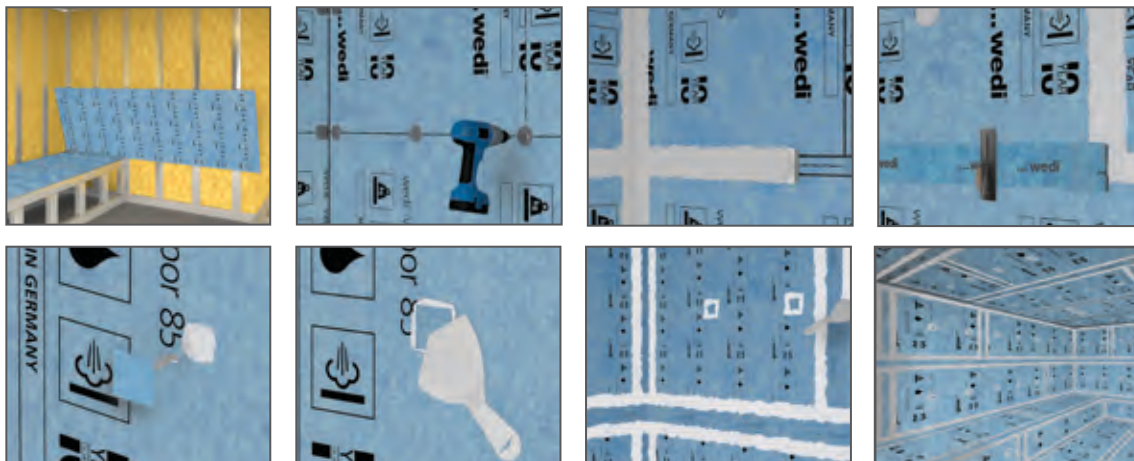

wedi® Vapor 85 is a special tile backer board system designed and made for premium performance in steam shower and steam room installations. Its design is based on the original wedi® Building Panel which provides the strength and tile load capability as well as the lightweight and clean handling and easy cutting process. wedi® Vapor 85 features an additional vapor barrier membrane pre-applied by wedi® on the vapor facing side of the panel. wedi® Vapor 85 will transition in 2026 to feature a blue vapor barrier facing and we are launching wedi® S-DRY™ tape and S-DRY™ SEAL which can be used to treat seams and penetrations in steam room applications. During that transition you may still use wedi® Subliner Dry Sealing Tape applied with either wedi® Sealant 620 or wedi® S-DRY™ SEAL.

Product Image	Item Name	Item #	Width x Length x Thickness	Unit	Main Application	Retail Price per Panel / Kit
	wedi® Vapor 85 48"x96"x1/2"	US8000026	48 in. x 96 in. x 1/2 in.	minimum 12 sheets / 50 ct. Pallet	Vaporproof tile backer board	\$293.23
	wedi® Vapor 85 Fastener Patch Kit	US5000089	3 in. x 3 in. squares	100 pieces / bag	100 ct fastener patch kit for Vapor 85 installations	\$26.43

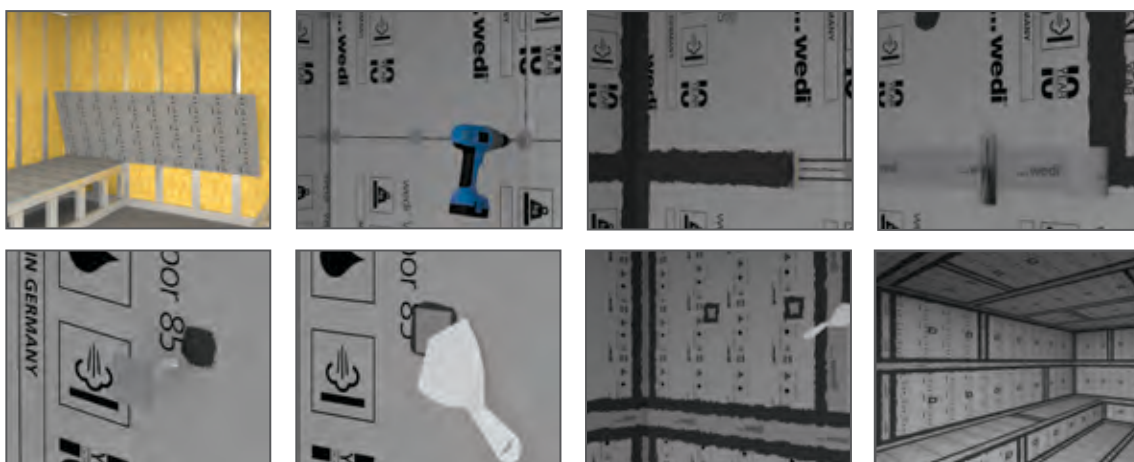

i wedi® Vapor 85 Building Panels made in **U.S.A.**

Installation at a Glance:

Install the wedi® Vapor 85 panels to framing using wedi® washers without tabs and by covering all seams and fastener locations with wedi® S-DRY™ SEAL and S-DRY™ tape and Vapor 85 Fastener patches. *(Optionally you may still use wedi® Subliner Dry sealing tape and wedi® sealant 620 to treat seams but wedi® will retire these two products by the end of 2026 and replace the application with S-DRY™ tape and S-DRY™ SEAL, two locally made products)*

Below the installation procedure shown with first generation Vapor 85 boards (grey surface) and seams/fasteners sealed with wedi® Subliner Dry and wedi® Sealant 620). These materials and their installation process remain approved. First and current generation Vapor 85 boards and Subliner Dry tape/ membranes can also be installed in combination with wedi® S-DRY™ SEAL.

wedi® Shower Upgrades

wedi® Shower Seats

wedi's prefabricated shower seats are much easier and faster to install than metal tray or concrete seats, bond well to thinset mortar and are 100% waterproof due to the extruded polystyrene closed-cell foam core. wedi's prefabricated suspended corner seats do not require additional blocking installed in the framing, and the mounting brackets and their fastening points are hidden from water exposure and are fastened into existing wall studs.

What is in the box?

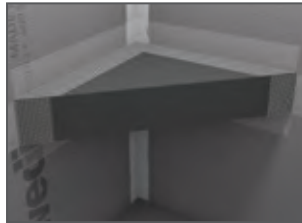

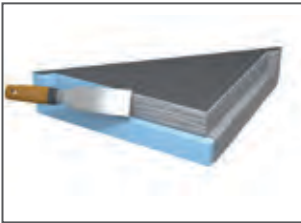

Both sizes of wedi® Shower Seat include wedi® Joint Sealant, self-adhesive fiberglass mesh tape, screws and mounting brackets. Seats can carry up to 350 lbs of weight once installed.

i Shower seats made in Germany.

Product Image	Item Name	Length x Width x Height	Item #	Description	Retail Price / Piece
	wedi® Shower Seat M	19 x 19 (wall sides) x 4 in.	US3000001	Wall suspended Corner Seat 19x19 (wall sides) x 24 1/16 (across front) x 4 inch thick	\$245.26
	wedi® Shower Seat L	24 x 24 (wall sides) x 4 in.	US3000002	Wall suspended Corner Seat 24x24 (wall sides) x 33 15/16 (across front) x 4 inch thick	\$275.79

Installation at a Glance:

Install the wedi® Shower Seat to the shower wall and to the mounting brackets provided in the box using wedi® Joint Sealant. Prior to tiling, apply the self-adhesive wedi® mesh tape which is also provided in the box.

wedi® Shower Upgrades

wedi Fundo® Shower Bench Kits

These Benches are assembled using wedi® Joint Sealant to safely adhere the bench parts to the floor, walls and in between parts. With floor-mounted benches, the sloped shower floor substrate usually creates a gap between the bench and the floor which can be sealed with wedi® Joint Sealant, or wedi® S-DRY™ tape and S-DRY™ SEAL, or they can be closed with thinset mortar in wedi® shower installations which already form a waterproofed surface beneath and behind the bench.

What is in the box?

wedi® Shower Bench Kits include all pieces necessary to assemble a complete bench, ready for installation into your shower design.

i wedi® Shower Bench Kits are made in **U.S.A.**

Product Image	Item Name	Length x Width x Height	Item #	Description	Retail Price / Piece

i wedi® Shower Bench Kits are installed with wedi® Joint Sealant.

wedi® Shower Upgrades

wedi Sanoasa® Shower Benches

The pre-sloped premium benches attach to shower wall and floor surfaces using wedi® Joint Sealant. With all floor mounted options, the sloped shower floor forms a gap in areas where thin-set can be used as a filler, and mesh tape is applied over the thin-set or floor to create a reinforced seam that does not require waterproofing if installed over a wedi® Shower Base or system.

What is in the box?

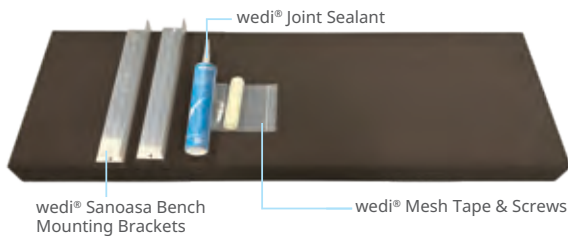

wedi Sanoasa® Shower Benches include all pieces necessary to assemble a complete bench, ready for installation into your shower design.

i Sanoasa Shower benches made in Germany.

Product Image	Item Name	Width × Height × Depth	Item #	Description	Retail Price / Piece

wedi Fundo® Drain Covers (Point Drain Covers)

All wedi® Point Drain Covers are made from solid, durable American-made stainless steel with high quality finishes that resist physical and chemical exposure challenges commonly found in wet rooms installations. The drain covers are made for extra heavy duty traffic, laser-cut for precision and hand finished for safety. Color coatings are applied using premium quality PVD and Cerakote coating processes. For a more custom look, you can choose a tileable drain cover that can be tiled with epoxy glue/adhesive or wedi® Joint Sealant. Point drain covers fit with both wedi Fundo® Shower Bases and wedi Fundo® Curbless Shower Bases and they can also be used with wedi® S-DRY™ shower bases and wedi® S-DRY™ BFD when a S-DRY™ Fundo Drain Cover Support Kit is used. Installation steps can be found within the Fundo Shower Systems manuals.

Tileable Linear Drain Cover

Linear Drain Cover Frame:

wedi® Shower Niche Shelves

Product Image	Item Name	Width × Length × Height	Material	Unit	Item #	Description	Retail Price/ Piece
	wedi® Shower Niche Shelf Glass	11 7/8 x 3 1/2 x 3/8 in.	Tempered glass	1 pc	US3000050	Solid Niche Shelf made from low iron, clear safety glass with pencil polish finish front	\$47.96
	wedi® Shower Niche Shelf Stainless Steel	11 7/8 x 3 1/2 x 1/8 in.	Stainless steel, brushed	1 pc	US3000245	Slotted Niche Shelf with made from stainless steel with brushed finish	\$128.25
	wedi® Shower Niche Shelf Matte Black	11 7/8 x 3 1/2 x 1/8 in.	Aluminum, anodized in matte black	1 pc	US3000246	Slotted Niche Shelf made from aluminum with Matte Black finish	\$117.84

i For integration into prefabricated wedi® Shower Niches with 12-inch-wide openings. The shelves are made from 3/8-inch-thick, low-iron, fully-tempered clear safety glass; 1/8 inch thick 304 stainless steel brushed; or 1/8 inch aluminum anodized in matte black. These shelves may be installed to rest on vertical tiles installed on sides and back inside the niches. Clear silicone or grout color matching expansion joint material (sealant/caulk) should be used in joints between shelves and tile. It is recommended to protect the shelves with temporary tape to avoid these materials getting on shelf surfaces that will be visible later. **Made in U.S.A.**

Competitive high performance and quality sheet membrane based shower system and bonding flange drains for every custom tiled shower project. This shower system is used to build over and waterproof drywall, cement board, or mortar bed substrates. Products and installation system make the full assembly waterproof, vapor retardant and naturally mold-resistant and protective. Easily create curbless showers by recessing into a subfloor structure (shower base is only 1 1/8" to 1 3/8" thin depending on model, consider using wedi's Curbless Recess Kit), or use with wedi® S-DRY™ Curbs or Extensions.

Key Benefits

- Engineered solid surface accommodates any tile size, with reinforced drain area for maximum durability.
- Designed to fit tight subfloor spaces, this integrated low-profile drain avoids joists and connects to plastic or metal pipe cut flush with the floor - no glue needed.
- Waterproof for showers, and water and vapor proof for steam showers — high performance built into the product, details, and assembly.

wedi® S-DRY™ Shower Kits

i Retail Price column reflects suggested per piece/unit retail pricing in USD.

Waterproofing system for custom tiled showers with a curb

What is in the box?

Each kit includes:

- 1 wedi® S-DRY™ Shower Base
- 2 sets of wedi® S-DRY™ Inside Corner 90
- 1 wedi® S-DRY™ Mixing Valve Seal
- 1 wedi® S-DRY™ Tape
- 1 wedi® S-DRY™ Shower Curb in two halves
- 1 set of wedi® S-DRY™ Outside Corner 90
- 1 wedi® S-DRY™ Shower Pipe Collar
- 1 roll of wedi® S-DRY™ Waterproof Membrane

All wedi® S-DRY™ Shower Bases include a wedi® drain and drain cover height adjustment kit. (For more details on these items, please review their product page.)

Product Image	Item #	Dimensions	Retail Price/ Kit
	US2076001	38 in. x 64 in. x 1 1/8 in. - Center Drain	\$593.48
	US2076002	38 in. x 64 in. x 1 3/8 in. - Off-Center Drain	\$593.48

i Additional add-ons sold separately: wedi® S-DRY™ Drain Covers. **i** Shower bases Made in **U.S.A.**

Shower Bases

i Retail Price column reflects suggested per piece/unit retail pricing in USD.

...wedi® S-DRY™ Shower Bases, Extensions, Drains & Parts

wedi® S-DRY™ Shower Bases provide a waterproofed, pre-sloped and ready to tile shower floor with a fully integrated drain. The surface is designed to resist compression and is very solid, making for an ideal substrate for large and small format tile. They are purposely oversized so you can cut them onsite to better fit the shower space. These bases are only 1 1/8" tall at the perimeter (except off-center drain model at 1 3/8") and can be used with curbs or in recessed floors to create curbless shower designs.

What is in the box?

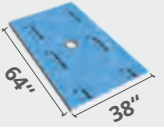

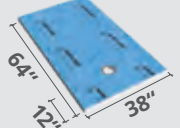

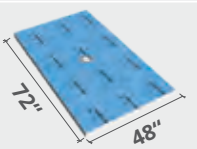

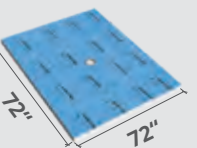

All wedi® S-DRY™ Shower Bases include a wedi® drain and drain cover height adjustment kit.

i Additional add-ons sold separately:
Choose and purchase a wedi® S-DRY™ or wedi Fundo® Drain cover* separately.

*when used with wedi® S-DRY™ Fundo Drain Cover Support kit

i Made in the **U.S.A.**

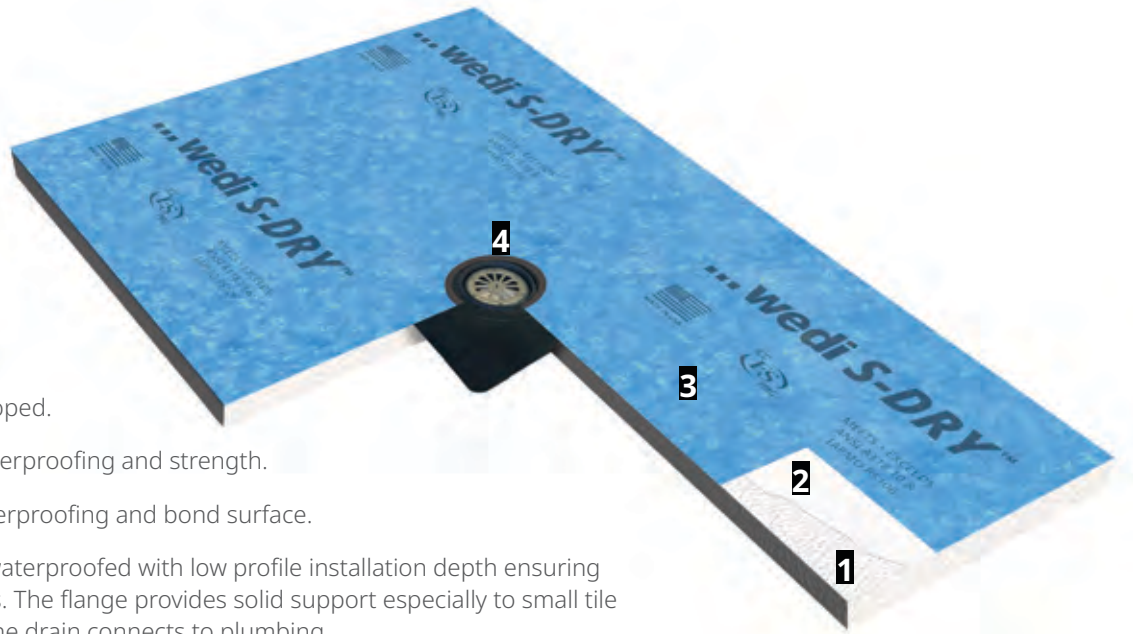

Product Image	Item #	Dimensions	Retail Price/ Piece
	US9176001	38 in. x 64 in. x 1 1/8 in. - Center Drain	\$179.38
	US9176002	38 in. x 64 in. x 1 3/8 in. - Off-Center Drain	\$179.38
	US9176003	48 in. x 72 in. x 1 1/8 in. - Center Drain	\$266.50
	US9176004	72 in. x 72 in. x 1 1/8 in. - Center Drain	\$347.48

1 High Density EPS foam core; pre-sloped.

2 S-DRY™ SEAL coating for added waterproofing and strength.

3 S-DRY™ Membrane for primary waterproofing and bond surface.

4 S-DRY™ Drain fully integrated and waterproofed with low profile installation depth ensuring it does not interfere with floor joists. The flange provides solid support especially to small tile and over subfloor cut-outs where the drain connects to plumbing.

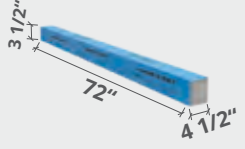

Product Order Information

Shower Curbs

i Retail Price column reflects suggested per piece/unit retail pricing in USD.

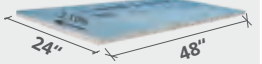

wedi® S-DRY™ Curbs are made from a solid foam cure and they are waterproofed with S-DRY™ membrane applied in S-DRY™ SEAL providing a very durable and hard surface. These curbs can carry up to 280 lb / weight per foot once tiled. Glass panels and doors should be glued and not screw-mounted into these curbs as this would damage the waterproofing surface. These curbs are not sloped on their top surface and may be installed in either direction tightly abutting a wedi® S-DRY™ shower base or a mortar bed shower base which is topically waterproofed with S-DRY™ membrane.

Product Image	Item Name	Item #	Width x Height x Length	Description	Retail Price/ Piece
	wedi® S-DRY™ Shower Curb 72	US3076001	4 1/2 x 3 1/2 x 72 in.	Made from a solid EPS foam core waterproofed with wedi® S-DRY™ Membrane	\$101.48
	wedi® S-DRY™ Shower Curb Lean 72	US3076002	2 x 3 1/2 x 72 in.	Made from a solid EPS foam core waterproofed with wedi® S-DRY™ Membrane	\$91.23

i Made in U.S.A.

...wedi® S-DRY™ Extension ■ Waterproof extension panel for wedi® S-DRY™ Shower Bases

Can be used for shower floors in S-DRY™ Systems to extend the shower base. If one extension panel isn't large enough, you can use multiple extension panels to achieve the desired overall shower base size. You can use extension panels on one side of the wedi shower bases or multiple sides. The extension panels are all pre-sloped 1/4 inch per foot in one direction. When extending the shower floor on two or more adjacent sides of the shower base, please connect at 45 degrees in the corner to give the surface slope proper direction and to avoid uneven connections between extensions. Extensions are installed in thinset tile adhesive such as wedi® PRO-SET™ and so they tightly abut the S-DRY™ shower base. Seams are waterproofed and reinforced with S-DRY™ tape embedded in wedi® S-DRY™ SEAL.

Product Image	Item Name	Item #	Length x Width x Height	Description	Retail Price/ Piece
	wedi® S-DRY™ Extension 24x48	US3076003	24 in. x 48 in. sloped surface begins at a height of 1 5/8 in. and ends at 1 1/8 in.	Sloped extension to enlarge wedi® S-DRY™ shower bases. This extension adds 24 inches of sloped length to the base in one direction	\$112.75

i wedi® S-DRY™ Extension Made in U.S.A.

Product Order Information

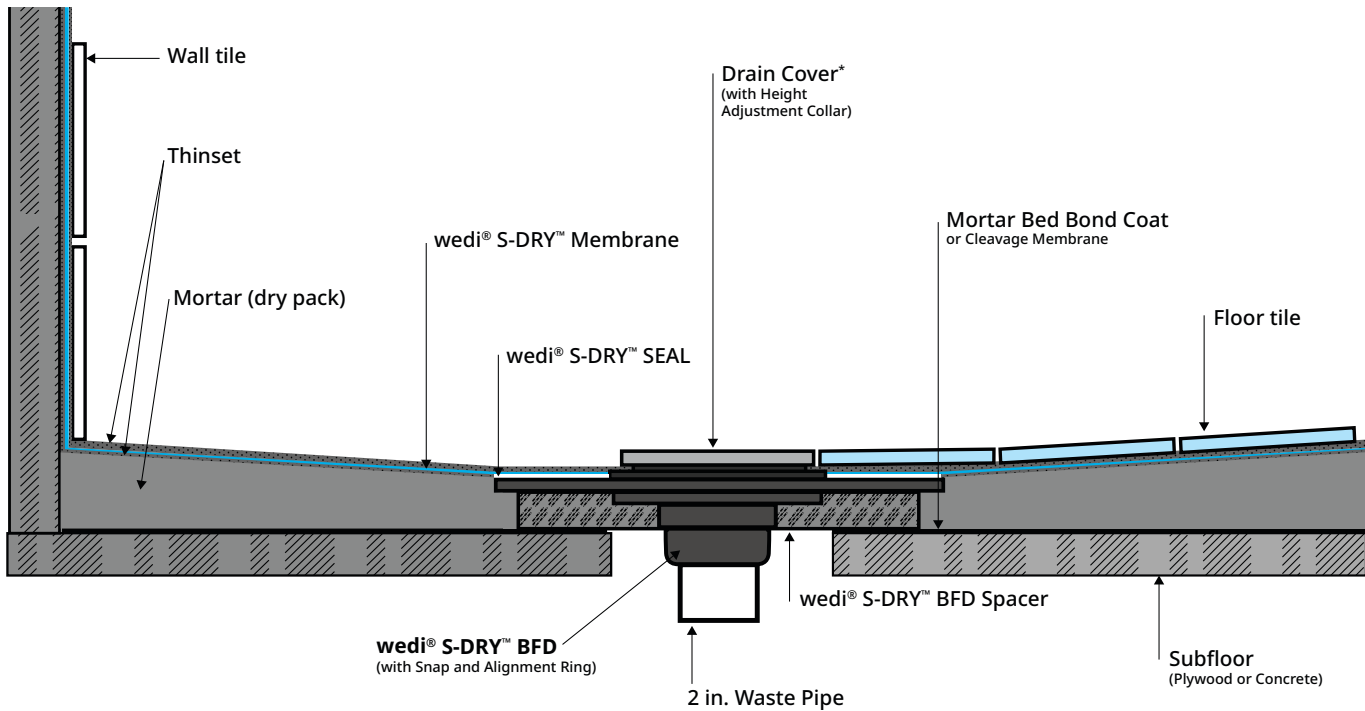

Bonding Flange Drain (BFD)

i Retail Price column reflects suggested per piece/unit retail pricing in USD.

Use wedi® S-DRY™ BFD in mortar bed shower floor assemblies and benefit from all S-DRY™ drain features.

Product Highlights

- Drain for integrated use in mortar bed shower base assemblies that are topically waterproofed with wedi® S-DRY™.
- Thermally fused membrane to bonded flange connection ensures no worries of delamination.
- Low profile height with included spacers to adjust from ½ - 1 ½ in. thickness dry pack.
- With integrated support system to stabilize drain and flange at varying installation heights.
- Drain body extends only ¾ in. into subfloor allowing it to connect to a waste pipe closely attached to a floor joist.
- Minimal thinset bed needed in drain cover area prevents moisture build up and shortens drying time.
- 2-part cementitious waterproofing compound used to adhere membrane to drain flange, eliminating potential wicking of moisture under membrane.
- Drain cover allows for 3/16 in. thin tile and up to 5/8 in. thick tile with 1/4 in. lateral adjustment in all directions to make drain to tile layout simple.

Wall Panels and Membranes & Installation Accessories

...wedi® S-DRY™ Membranes

i Retail Price column reflects suggested per piece/unit retail pricing in USD.

This thinset mortar applied sheet waterproofing membrane is used to provide waterproofing and a tile substrate with strong bond characteristics where pre-existing surfaces such as drywall and cement boards must be protected and prepared prior to tiling the shower. This membrane can be used both in showers and steam showers and steam rooms.

Product Image	Item Name	Item #	Width x Length	Description	Retail Price/ Roll
	wedi® S-DRY™	US5076009	50 in. x 25 ft. (104 ft²)	Sheet waterproofing membrane used to cover wall surfaces and other surfaces in a wedi® S-DRY™ Shower system or over mortar bed installations	\$213.20
	wedi® S-DRY™ XL	US5076008	80 in. x 16 ft. (107 ft²)	Sheet waterproofing membrane used to cover wall surfaces and other surfaces in a wedi® S-DRY™ Shower system or over mortar bed installations	\$193.73

wedi® PRO-SET™

This Premium performance tile adhesive and thinset mortar was developed for use with wedi® product systems and for perfected performance in wet area tile applications. wedi® PRO-SET™ can be used to secure large and heavy porcelain and natural stone tile using up to 3/4 inch square notch trowels. This specialty mortar is used in interior applications only. PRO-SET™ offers non-sag properties for clean and efficient work flow and is designed to provide a creamy and smooth consistency for great haptics and workability while giving you time as it offers a 3 hour pot life. This premium tile adhesive is available in white only and meets and exceeds ANSI A118.4, ANSI A118.11, and ANSI A118.15 wedi® PRO-SET™ is key to qualify wedi® projects for our 15-Year Limited and Lifetime Limited PRO warranty programs.

Product Image	Item Name	Item #	Description	Retail Price/ Bag
	wedi® PRO-SET™ Tile Adhesive	US5076012	25 lbs/bag; Color: White; Coverage: 1/4 x 1/4" (6 mm x 6 mm) square notch trowel = 53 - 56 sq. ft. (4.92-5.20 m²) per bag; 1/2 x 1/2" (12 mm x 12mm) square notch trowel = 25 - 28 sq. ft. (2.3 - 2.6 m²) per bag; Coverage is approximate and depends on surface porosity and density.	\$23.00

Are you ready to build a custom tiled shower?

We can help you make this process easier and a great experience. We are here to support you or professional contractor. We can help with material estimates, technical questions and we even come to project sites to certify professionals who are trying wedi® for the first time.

Start with your **Design**.

Examples for questions you may want to explore:

Do I want to invest in sustainable and long-lasting designs and products and save money over time?

What is the right shower size?

Do I like a shower with a curb, or a floor even curb-less shower?

Do I prefer a point drain or linear drain design look?

How can I best make my shower fixtures match color with tiles and accessories such as drain covers or door handles?

How about adding a seat, bench, or a soap niche?

What is the best tile format, size and look for me?

Next, put together a **list of products or decide on a kit** you need.

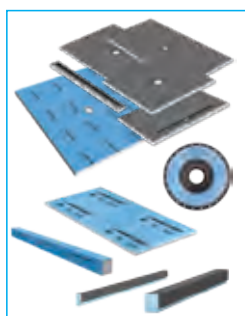

For an all-in-one kit including everything you need to install a fully waterproof shower, choose from one of our complete shower kits.

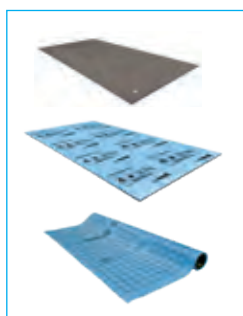

You can also check out our [wedi® in 5 Steps](#) process to help you put the list together or decide on a kit. Choosing which shower base you'll need is the first step. Learn more below.

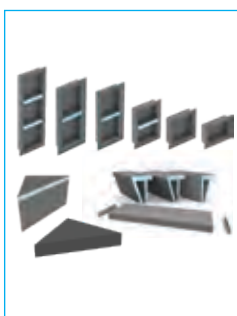

If buying individual parts - our **wedi® in 5 steps** process will help you select all products you need.

Step 1:
Choose Your
Shower Floor Products

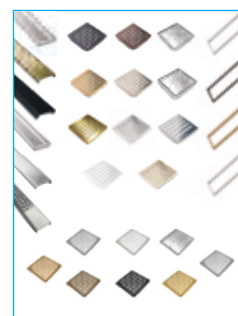

Step 2:
Choose Your
Shower Wall Products

Step 3:
Choose Your
Shower Upgrades

Step 4:
Choose Your
Shower Installation
Accessories

Step 5:
Choose Your
Shower Finishes

Are you ready to **purchase** a wedi® Product System?

Are you a professional who would like a wedi® TSSM to **join you** for training the first time you install wedi®?
